THE WORLD'S MOST **ADVANCED** BLENDER™

Designed, Engineered, and Manufactured in the USA  
with the Longest Warranty in the Industry.

YOU MAY NOT GIVE MUCH THOUGHT TO BLENDERS,

**BUT IT'S ALL WE  
THINK ABOUT.**

What you should know is that all blenders are basically made of five key components. Our engineers overbuild each to be the best and to exceed your expectations.

**blendtec®**

From the safest blade to the strongest motor, innovation from top to bottom sets us apart.

# SUPERIOR TOP TO BOTTOM

5 REASONS SAVVY CONSUMERS  
CHOOSE BLENDTEC

- 1 EASY-CLEAN JAR  
Flat sides and single-piece blade make cleaning a breeze
- 2 DURABLE SAFETY BLADE  
Unique blunted design is extra strong, safer to handle and pulverises ingredients better than sharp, thin blades
- 3 SIMPLE TOUCH INTERFACE  
Easy-clean surface offers one-touch controls for blending simplicity
- 4 UNBREAKABLE DRIVE SOCKET  
All-metal drivetrain and high quality parts provide lasting durability
- 5 ULTRA HIGH-SPEED MOTOR  
The industry's most powerful motor delivers the fastest, smoothest blends

# FEED YOUR PASSION

WITH THE WORLD'S MOST **ADVANCED** BLENDER™

Weight loss. Health and fitness. Athletic performance.  
Culinary mastery. Taking the best care of family.

**Whatever your goal, Blendtec blenders  
make it easier to achieve.**

## The World's Quietest Blender

The Blendtec Professional 800 brings the most powerful, innovative blending capabilities typically only seen in commercial settings right to the home. In addition to numerous state-of-the-art features, the award-winning Professional 800 operates at the sound of normal conversation, making it the quietest, most advanced retail blender in the world.

### Professional 800 Interface

### Colour Options

Moulded Base

Black

### Stealth Technology™

The Blendtec Professional 800 features Stealth Technology to ensure that it operates at a kitchen-friendly sound level. It is housed in a sleek sound enclosure and features the most advanced proprietary sound dampening and airflow innovations available, proving that you can still have industrial-strength power without industrial-strength noise.

### 11-Speed Capacitive Touch Slider + Pulse

For the ultimate precision speed control, the Professional 800 features an 11-speed capacitive touch slider. Users can blend to the perfect consistency simply by sliding a finger up and down the control panel. The pulse button adds a burst of high-speed blending power.

### Pre-programmed Cycles

The Professional 800 boasts 6 pre-programmed cycles, providing a wide range of recipes—from green smoothies to margaritas to hot soups—with the touch of a button.

### Features

<b>MOTOR</b>	3.8 peak horsepower
<b>INTERFACE</b>	Illuminated, capacitive touch interface
<b>PRE-PROGRAMMED CYCLES</b>	Batter, Mixed Drinks, Smoothie, Frozen Treats, Whole Juice, and Hot Soup
<b>SPEED</b>	11-speed capacitive touch slider + pulse
<b>LED DISPLAY SCREEN</b>	Illuminated display provides feedback, information and time remaining
<b>COMPATIBILITY</b>	Compatible with Blendtec's patented FourSide, WildSide+ and Twister jars

# DESIGNER 725™

WARRANTY  
**3.8 PEAK HP**

## The World's Smartest Blender

The Blendtec Designer 725 boasts the most advanced blending technology ever seen, providing the ultimate interactive experience. Features like SmartBlend technology, multi-speed pulse and a 100-speed touch slider for precision control combine with a sleek, show-stopping design that will quickly make the Designer 725 the star of any kitchen.

### Designer 725 Interface

### Colour Options

Moulded Trim with Cast Metal Housing

Gun Metal

Stainless Steel

### SmartBlend Technology

The Blendtec Designer 725 is truly the blender with a brain. Our exclusive SmartBlend technology senses and identifies potential problems that could interfere with the perfect blend—including loading errors, overheating or air pockets—and then tells users how to fix them.

### 100-Speed Capacitive Touch Slider + Multi-Speed Pulse

The capacitive touch slider provides seamless precision speed control for 100 speeds with the slide of a finger. It even goes a step further to help users achieve the perfect blend by illustrating which speed to use for stirring, chopping, mixing, blending or pureeing. The Multi-Speed Pulse provides an added burst of power at any speed.

### Features

<b>MOTOR</b>	3.8 peak horsepower motor
<b>INTERFACE</b>	Illuminated, capacitive touch interface
<b>PRE-PROGRAMMED CYCLES</b>	Smoothie, Dips/Salsa, Frozen Treats, Whole Juice, Hot Soup, Clean
<b>SPEED</b>	100-speed capacitive touch slider + multi-speed pulse
<b>LED DISPLAY SCREEN</b>	Illuminated display provides feedback, tips, suggestions, and timer
<b>COMPATIBILITY</b>	Compatible with Blendtec's patented FourSide, WildSide+, and Twister jars

### Pre-programmed Cycle Suggestions

The Blendtec Designer 725 features six pre-programmed custom cycles: Smoothie, Dips/Salsa, Frozen Treats, Whole Juice, Hot Soup and Clean. When using pre-programmed cycles, the machine will suggest additional uses for the cycle to give users a better idea of the cycle's versatility.

### "Add 10"

The 'Add 10' feature allows users to tap their pre-programmed cycles, mid-blend, and add 10-second intervals, providing completely customised blends.

## A Modern Kitchen Must

The Blendtec Designer 675 is the perfect combination of the intuitive and functional, combining a sleek, modern design with advanced blending technology and a wide range of easy-to-use features. Users can create everything from smoothies to hot soups to salsas and dips with a single touch, making it a must for any kitchen.

## Designer 675 Interface

## Colour Options

Moulded Trim with Premium Painted Housing

Champagne

Charcoal

Dark-Roast

## Capacitive Touch, Illuminated Control Panel

The Blendtec Designer 675 features a capacitive touch, illuminated control panel that adds a modern flair to any kitchen. It lights up with a single touch and shuts off automatically, and its completely flat design is easy to clean.

## Five Pre-programmed Cycles

The Blendtec Designer 675 includes five pre-programmed cycles. Smoothie, Frozen Treats, Whole Juice and Hot Soup effortlessly create your favourite recipes, and the one-touch Clean cycle makes cleaning your blender simple. Each cycle provides hands-free blending and shuts off automatically, so you can multi-task and still enjoy perfect results.

## “Add 10”

The ‘Add 10’ icon allows users to add 10-second intervals to their blend cycles, providing completely customised blends. It also acts as a stand-alone 10-second cycle.

## Features

<b>MOTOR</b>	3.8 peak horsepower
<b>INTERFACE</b>	Illuminated, capacitive touch interface
<b>PRE-PROGRAMMED CYCLES</b>	Smoothie, Frozen Treats, Whole Juice, Hot Soup, Clean
<b>SPEED</b>	8-speed capacitive touch slider + pulse
<b>TIMER DISPLAY</b>	Illuminated timer displays remaining time on blends
<b>COMPATIBILITY</b>	Compatible with Blendtec’s patented FourSide, WildSide+, and Twister jars

# DESIGNER 625™

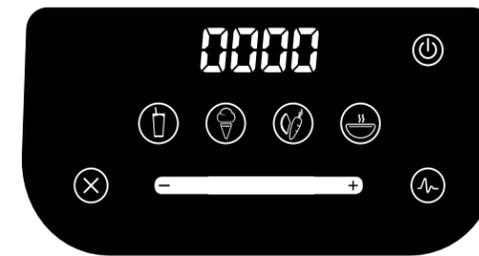

## Fashion Meets Function

The Blendtec Designer 625 features everything you need to create healthy smoothies, snacks and meals in a matter of seconds—and it looks great doing it. With a next-generation illuminated touch interface, pre-programmed cycles of our most popular blends and a stunning palette of seven colours to choose from, this is one blender you won't want to hide in the cabinets.

**8 YEAR**  
WARRANTY

3.0 PEAK HP

## Designer 625 Interface

## Colour Options

Moulded Trim and Housing

Black

Slate

Pomegranate

Orchid

Sea Foam

Chartreuse

## Capacitive Touch, Illuminated Control Panel

The Blendtec Designer 625 features a capacitive touch, illuminated control panel with easy-to-see icons. It lights up with a single touch and shuts off automatically, and its completely flat design is easy to completely clean.

## Six-Speed Capacitive Touch Slider + Pulse

Simply slide your finger left or right to control for customised blending. The slider offers six different incremental speeds, and the Pulse button provides a burst of high-speed power.

## Four Pre-programmed Blend Cycles

The Blendtec Designer 625 provides four different pre-programmed settings: Smoothie, Frozen Treats, Whole Juice and Hot Soup. The settings automatically speed up or slow down as needed, providing consistently perfect results of your favourite recipes with a single touch.

## Features

<b>MOTOR</b>	3.0 peak horsepower
<b>INTERFACE</b>	Illuminated, capacitive touch interface
<b>PRE-PROGRAMMED CYCLES</b>	Smoothie, Frozen Treats, Whole Juice, Hot Soup
<b>SPEED</b>	6-speed capacitive touch slider + pulse
<b>TIMER DISPLAY</b>	Illuminated timer displays remaining time on blends
<b>COMPATIBILITY</b>	Compatible with Blendtec's patented FourSide, WildSide+, and Twister jars

# CLASSIC 575™

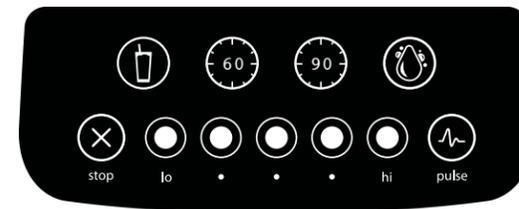

## The Ultimate All-in-One Appliance

Commercial grade power and incredible versatility combine to bring you the Blendtec Classic 575, the ultimate all-in-one appliance. Pre-programmed cycles make it easier than ever to create smoothies, salsas, hot soups and more.

**8 YEAR**  
WARRANTY

3.0 PEAK HP

### Classic 575 Interface

### Colour Options

Slate

### Pre-programmed Cycles

Duplicate your favourite restaurant's smoothies and mixed drinks at home! The Blendtec Classic 575 features a pre-programmed Smoothie cycle that creates perfect smoothies every time, and a Clean cycle that takes the work out of cleaning up.

### One-Touch Timed Cycles

The Blendtec Classic 575 offers two timed cycles that free your hands for other kitchen tasks while creating a wide range of recipes, including soups, bread dough and ice cream. Simply press the 60- or 90-second setting and let your blender do the rest.

### Five-Speed Precision Control + Pulse

The Blendtec Classic 575's five manual incremental speed cycles allow you to completely customise the consistency of your blend. Switch between each 50-second setting mid-cycle for the ultimate in customisation, or press the Pulse setting for a surge of blending power.

### Features

<b>MOTOR</b>	3.0 peak horsepower
<b>INTERFACE</b>	Completely flat interface for easy cleaning
<b>PRE-PROGRAMMED CYCLES</b>	Smoothie, Clean and 60- and 90- second timed cycles
<b>SPEED</b>	5-speed cycles + pulse
<b>COMPATIBILITY</b>	Compatible with Blendtec's patented FourSide, WildSide+ and Twister jars

# BLENDTEC JARS

## WildSide+™

Our patented WildSide+ jar features a unique fifth side, making it perfect for bigger, faster blends. This innovative design automatically pulls ingredients down into the blade, so it blends even the toughest ingredients perfectly smooth without the use of a tamper or other device.

## FourSide™

Perfect for ice cream and smaller-yielding recipes, the FourSide jar's unique square design helps create a better blending vortex to achieve perfectly smooth results.

## Twister™

The Twister jar effortlessly blends your thickest recipes in seconds. The unique twister lid uses special scrapers to pull dense, thick ingredients away from the wall of the jar and back into the blade. Simply add ingredients and twist the lid while blending. It's perfect for quickly making nut butters, hummus, baby food, dips and more.

The Twister Jar also comes with the Mini Gripper lid for smaller blends, the Spectacula™ spatula and a Twister cookbook.

## Mini Twister™

Don't let its small size deceive you—the Mini Twister jar is designed to blend your thickest recipes in seconds with ease. Its smaller size is perfect for handling small quantities of tough ingredients, and the unique twister lid uses special scrapers to pull dense, thick ingredients away from the walls and back into the blade.

The Mini Twister jar also includes the Spectacula spatula, engineered to help you get every morsel out of your jar, and a Mini Twister cookbook.
