The First **SMART** Digital Dehydrator with 11 Dehydrating Trays

- Model SD-6780 includes 11 Stainless Steel Trays & 1 Stainless Steel Closed Tray
- Model SD-6280 includes 11 BPA-Free Trays & 1 BPA-Free Closed Tray

Compact Design & Powerful Performance

The Tribest Sedona Express is the world's first full-featured dehydrator with a compact, kitchen-friendly design. Use all 11-trays with the advanced TST feature to get the best results for all your dehydrating needs. From fruits and vegetables, to meats and crackers, the Sedona's central fan ensures even airflow and rapid dehydration. The Tribest Sedona Express allows you to set the temperature and timer using its user-friendly all-digital controls; precision dehydration has never been so easy. Get all these features without sacrificing all the kitchen counter space.

Two-Stage Sequential Temperature-Timer (TST) Feature

Reduce dehydration time and get enzyme-rich foods with the Sedona's TST feature. Sedona's advanced digitally controlled TST feature allows you to kick-start the dehydration process by starting at a higher temperature (FAST mode) for the first few hours, then automatically switching to a lower temperature (RAW mode) to finish off the job. The TST feature ensures that the temperature of the food does not go above the desired level, and results in nutrition-packed dehydrated recipes every time.

Set Temperature vs. Food Temperature

Sedona Express is also available in BPA-Free Trays!
